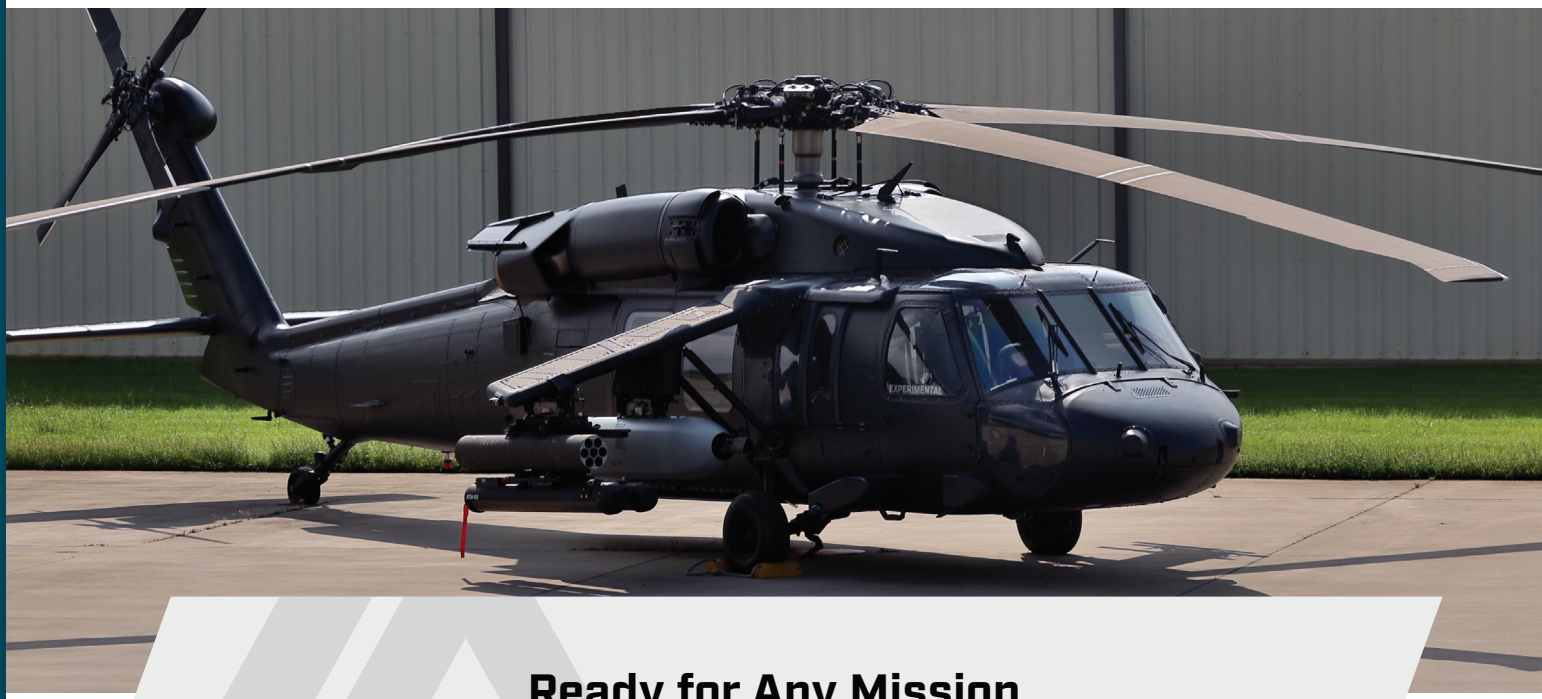
EQUIPMENT RENTAL AND DEMONSTRATION SUPPORT

Systems Available for Tactical, Commercial, and Creative Use

COMPREHENSIVE SOLUTIONS



Ready for Any Mission

Fulcrum offers select equipment and systems for short- or long-term rental to support a range of operational and commercial needs. Whether you're staging a military demonstration, coordinating advanced training scenarios, preparing for a trade show, or filming a high-intensity scene, Fulcrum delivers scalable solutions backed by real-world performance. Our experienced subject matter experts are available to support setup, integration, and on-site execution.

AVAILABLE EQUIPMENT

- Black Hawk CLAW (AS SEEN ON TV!)
  Fulcrum's Configurable Lightweight Armament Wing (CLAW) was featured in Paramount+'s The Lioness, where its real-world capabilities supported a high-stakes tactical mission.
- Black Hawk Fast Rope
  Fulcrum's H-60 FRIES Bar is designed as a weight optimized upgrade to the legacy system.
- GP-19
  Fulcrum's GP-19 is a self-contained .50 cal GAU-19 gun pod.
- Rocket Launchers
  Fulcrum offers the M260 (7-tube) and M261 (19-tube) 2.75-inch rocket launchers for tactical, training, and demonstration use.
