

GAU-19 MAINTENANCE FIXTURE

The Fulcrum GAU-19 Maintenance Fixture features a multi-functional design allowing the weapon to be positioned both vertically and horizontally for easy maintenance and function testing.

LIKE HAVING AN EXTRA PAIR OF HANDS

- ▶ Provides maintainers with a stable work platform for maintenance on the GAU-19
- ▶ Securely mounts to any bench surface
- ▶ Labeled cutouts provide clear organization for removed small parts and hardware

The adaptable “Lazy Susan” rotating platform ensures the weapon is accessible from all sides.
