

MODULAR EFFECTS LAUNCHER

Fulcrum's Modular Effects Launcher (MEL) features a modular open systems approach that can carry a variety of store combinations. It integrates fully with both the Future Attack Reconnaissance Aircraft (FARA) and MH-60 platforms. The MEL can be jettisoned.

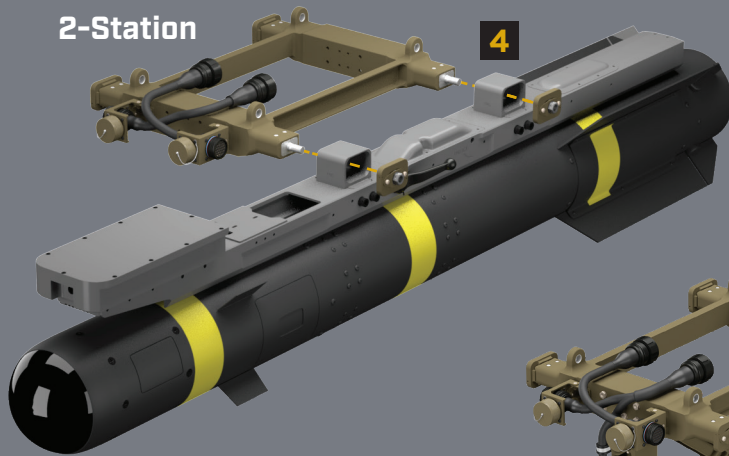

MODULAR SYSTEM:

- | | |
|---|------------------------------------------|
| 1 | Jettison Assembly |
| 2 | Launcher Electronics Assembly (LEA) |
| 3 | Modular Strongback (2, 3, 4-Station) |
| 4 | Carriage Stores Station Interface (CSSI) |

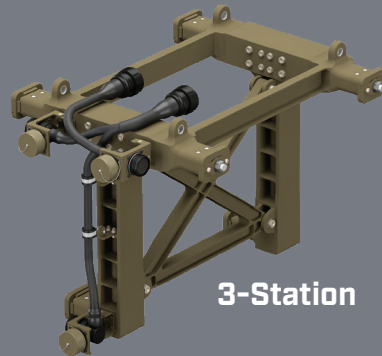

IT WOULD BE A SHAME TO JETTISON...
BUT YOU CAN IF YOU HAVE TO

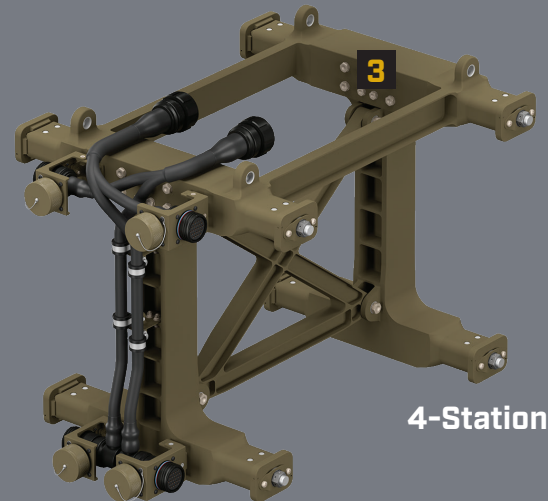

2-Station
