

TRE / PRC-152 COMMUNICATION KIT

The TRE/PRC-152 Communication Kit seamlessly integrates advanced communications in a modular fashion using high-strength aerospace materials. The system interfaces to existing provisions on the MD530's or A/MH-6M's modular seat track system.

CONFIG 01

L-3 TACTICAL ROVER®e
Supplemental Power Pack

CONFIG 02

Harris Falcon III® AN/PRC-152A

COMMUNICATIONS TO GO

The modular antenna mount system provides an easily replaceable antenna interface with a common mounting provision on the AH/MH-6 tailboom.

KIT CONTAINS:

- 1 TRE Pallet or A/MH-6M Universal Mount
- 2 Provisions for FC CUE Assembly or SPP
- 3 PRC-152 Radio Mount
- 4 PRC-152 Antenna Mount
- 5 TRE Radio Mount
- 6 TRE Antenna Mount
- 7 Cable Harness
